Examples of old branded clothing that we are asking not to be worn to school after the dates in the above table include any item with:

- SSCS
- Sutherland
- A logo with a black tree

A patched garment with a logo bearing a red background and a white tree is considered part of the new branded uniform.

a firm foundation

Parents who have a significant financial difficulty transitioning to the new branded uniform are welcome to contact our Head of Secondary School, Mr Greg Smith, or our Head of Junior School, Mr Paul Carter to discuss ways the school can support their family.

While the school would prefer parents to purchase brand-new uniforms, patches can be purchased at the uniform shop and sewn over the top of the logo on the existing garment. Patches will be available for sale until the end of 2018 when stocks are expected to run out. They are intended for parents who may have a difficulty replacing an existing garment with a new one. If parents have spare patches, it would be helpful if they returned them to the uniform shop.

The light blue polo shirt has a longer phase out because the uniform shop was selling these garments recently (at a discount).

A new warm secondary sports jacket is now available for sale in the uniform shop. We apologise for the delay in not having the jacket available for sale earlier than this. Eventually this jacket will replace the rugby jersey, which will be phased out at a date to be confirmed.
